The buffalo guy didn't get her laptop. There were two man military teams inside the Capitol. They were doing the laptop grabs.

7 Why was he not arrested if he was one of the guys in Nancy's office and pretty visible?

15 why was the guy who took her laptop not arrested? Obviously somebody was slick, a lean mean laptop stealing machine. Only one I have heard arrested was the guy who sat there with his feet propped up on her desk.

11 Just seems odd that no one stopped anyone walking out with government traceable assets.

Watching federal bureaucrats "work" is a sight to behold, almost like a different species sometimes.

▼ They are competent enough to destroy the greatest nation on earth, on purpose, and make it look like it's the fault of the citizen.

▼ Well, if a good guy as you say did get the laptop, he can't just say online that he has the laptop. He'd get arrested, that much can be clear, even if that guy doesn't know about the deepstate. Just my thoughts.

▼ Based upon the hubris shown in the past by other old, tech illiterate people in the government, I would not be so sure about that.

▼ There are photos of him inside. I don't think OPede is saying this guy is the one who took the laptop. It might be one of the "good guys" embedded there that day.

8 You do realize the political and judicial system is corrupt , right? along with MSM? These two are to blame though, right? I am guessing they did more to try and stop this steal than you did.

-2 Rudy did more to secure advertising deals - and the idiot on the right helped derail the last legal option.

7 I don't think Pence and Pelosi were going to let any real debate happen. Even without the manufactured "chaos"
